IMRAN JUMA

User Experience Designer / Researcher

EXPERIANCE

Support Analyst - Level 1
Carleton University - IMS   *Aug 2018 - Present*

Creating solutions to problems found within class room technologies, supporting professors and departmental staff around campus with hardware and software related problems. This includes diagnosing and repairing lab hardware.

UX & Web Development
Euro Windows & Doors   *Dec 2017 - Mar 2018*

Designed a desktop & mobile website for a new Toronto based company. Introduced them to online marketing tools such as SEO, web marketing and how to create a profitable business with a strong online presence.

Python Developer
The Ottawa Hospital   *Sept 2016 - Sept 2017*

Co-developed and implemented a python based tool to allow doctors and technicals to import data from medical tests to eliminate pen and paper tracking. Allowing for proper quality assurance testing to be tracked and monitored in real time.

Education

Carleton University   *Sept 2016 - Present*
B.SC Computer Science Honours - Mobile Application Development

Traditional Computer Science with a unique approach to creating mobile software.
